From memory

ILCO Lead
LCP Chemicals
Escambia Wood Treater Pensacola

I'm sure there are others but that's pre internet so I don't have a readily available DB to check

Subject: Gerald Foree Award

Hey guys –

I hope this finds you both well.

Someone has asked me to put together a write-up for Paul for the Gerald Foree award. I am happy to try and pull something together tomorrow, but I might need some help/input from Region 8.

I can pull together a lot of the write-up specifics about the community leader portion of the award. I can also pull together the information on what makes Paul special. But I need some help in regards to a broader list of sites he has worked on. Would one of you be willing to send me some site names (both ERs and Removals) that he has lead? Or other Regional initiatives that you think should be included? Write-ups were technically due yesterday so the timeframe is a bit urgent. ☺

I know there is a lot going on there these days, and I understand if you can't assist with this. I will do it on my own if necessary. But I thought I'd at least ask.

Hope to see you both in Denver later this month.

Thanks!
